~~ Mounting Styles Data Sheet ~~

Bolt Mount:

- 1) Remove existing bolt from hydrant
- 2) Position Mount
- 3) Reinstall Bolt

When hydrant is needed, spring allows marker to be moved out of the way, not interfering with any operation!

3/16" Thick

At only one inch wide, the **Hy-Viz bolted** mount will fit into any space!

The bolted mount has a heavy corrosion resistant coating, so whether you paint it or not, it will look great!

The 5/8" hole will allow any bolt to pass through, we can also supply longer bolts if needed.

"Sexy 33" Ring mount

- 1) Remove outlet cap.
- 2) Slide marker over outlet.
- 3) Re-install cap, holding Hy-Viz marker in place

Notice how our ring mount's offset allows the Hy-Viz Marker to clear ANY overhang! It also makes it completely adjustable for any tilt in the hydrant.

The ring mount has an inside diameter of 3 3/8".

They are also FULLY adjustable to fill any gap! You can offset the opening to form a "lock washer" effect, locking your Hy-Viz marker in place! **...tightly!** We can also supply spacers for stubborn caps!

Stainless Steel Marker Mounting Styles

Our stainless model's teardrop loop has a 3 3/8 inch inside diameter to easily clear the threads of the outlet.
-->

We can also bend them to mimic our ring mounts (above) to clear any overhangs! (optional)
-->

Our optional Double-Spring design features TWO Stainless Steel Springs, locked together, they act as one super strong, corrosion PROOF powerhouse!
